

Crace – the first HIA GreenSmart Estate for Canberra

find out more about sustainable living options

Home Ideas Consumer Seminar Series, 28 Collie Street, Fyshwick

Don't make plans without us. See you there!

Whether you are renovating or designing a new room or house, we'll have the experts "on tap".

Feel good about making a contribution – make a difference today by building or renovating the GreenSmart way.

SCHEDULE
Saturday
21 Nov 2009

It's easy to talk about sustainability, but how many new communities really deliver? Right from the outset, the team at Crace have been committed to achieving exceptional sustainable outcomes and are leading the way in Canberra, as the first HIA GreenSmart Accredited suburb.

Join us for a two-part presentation at the HIA Home Ideas Centre where you will hear from the developer and one of the partner builders at Crace.

10.30AM TO 11.30AM

Hoa Luu, will inform you on the Crace masterplan and the integrated design approach to creating harmonious streetscapes. Hoa will explain how Crace has drawn on best-practice thinking to create a liveable community with exciting new ideas not seen before in Canberra.

Hoa Luu (Crace)

11.30AM to 12.30PM

Peter McCoullough will talk about how you can reduce your environmental impact when building at Crace while saving money on heating and cooling. A house designed with environmental sustainable design principles looks like a normal house, but it is responsive to the local climate. Today's Homes, the HIA 2009 National Small | Medium Professional of the Year will help you to achieve a more environmentally sustainable outcome - so don't miss this one.

Peter McCoullough (Today's Homes & Lifestyle)

Experts will also be on hand from 11am to 1pm

Discuss your plans for a new home or renovation with specialised Home Ideas Centre experts.

Kitchens and bathrooms showcase – innovative home building products – builders and designers showcase – home theatre know-how – 'green' products and initiatives.
