

Forde Display Home Now Open

Opening Hours

Saturday and Sunday 11am to 5pm

**15 Francis Forde Boulevard,
Forde**

A member of our Sales and Marketing team will be in attendance at the display home and are available, by appointment only, to discuss your building requirements with you.

Today's Homes and Lifestyle
is proud to be recognised as an
ACT/Southern NSW 'GreenSmart Regional Partner'

We are committed to embracing environmental leadership through the **HIA GreenSmart Code of Practice.**

What is **Today's Homes and Lifestyles** definition of **Smart Design and Construction?**

It's about easy and cost-efficient building through the smart combination of products, systems and processes.

It's a balancing act - and it can be achieved by working with the right people without sacrificing aesthetics or sustainability. **Today's Homes and Lifestyle** will provide you with insights into the right approach for your design and lifestyle.

Today's Homes and Lifestyle can assist you in understanding the key design elements so your home interacts with your site, and how to achieve good indoor/outdoor relationships that are desirable for the Canberra climate.

By building a home that is in tune with the Canberra climate you will reduce your families impact on the environment, increase your comfort levels and, most importantly, save money on heating and cooling your home.

If you want to know more about.....

- the forgotten costs that impact on the building budget,
- orientation or working with your home site to gain the maximum **GreenSmart** advantage,
- building materials - understanding thermal mass and best selections for your home,
- insulation and draft sealing,
- shading and glazing,
- passive cooling, and
- eco-friendly products

then contact the '**HIA GreenSmart Professional**' team
