

Display Home – Forde

When choosing a pool for our new display home in Forde, we selected the sleek X-Trainer 5.8 by Compass Pools to compliment the modern look and feel of the home.

Compass Pools began in 1980 when husband and wife team, Ian and Kerri Mewett started building the original range of Compass Pools. Their desire was to build the best, safest family pools possible - pools they would be happy for their own family to enjoy, pools they they would be happy to sell.

They felt that this, together with an unshakeable belief in the importance of having a continuous Research and Development program, of offering excellent value for money, maintaining first class quality control and giving great Customer service would guarantee the future of the company. These are the Compass Pools goals.

X Trainer Pools, by Compass Pools

Two lanes for health, fitness and FUN for all.

- One lane lap pools mean only one swimmer at a time and only one form of exercise.
- Two lane X-Trainer allows two or more to exercise together.
- X-Trainers extra width suits most water games and cross training programs.
- Aquatic exercise is low-impact and kind on bones and joints, It's perfect for the elderly and the very young.

Unlike narrow lap pools, X-Trainers allow families and children to get together and enjoy the sheer fun of playing and exercising in their own pool.

- Swim outs and wide steps and both ends, make it perfectly safe.
- A step ledge at just the right height on the pool wall gives children a place to rest and adults a little help when leaving the pool
- The floor and steps have a non slip finish

Compass leads the world in ceramic, composite fiberglass pool technology. Ask your local Compass dealer about these features:-
